Land Board Members:

SUBJECT: REQUEST FOR APPROVAL TO ENTER INTO A CONTRACT WITH LAND
PREP LLC TO CUT AND CHIP NON-NATIVE TREES IN KANAHA POND
WILDLIFE SANCTUARY, MAUI, FOR THE DIVISION OF FORESTRY &
WILDLIFE

This submittal requests Board approval to enter into a contractual relationship for the cutting and chipping on-site of 20 acres of non-native trees (ironwood, date palm, kiawe) at Kanaha Pond Wildlife Sanctuary, Maui.

BACKGROUND:

Kanaha Pond Wildlife Sanctuary, located on windward Maui, contains important habitat for rare and endangered native species of Hawaiian Waterbirds, and critical habitat for the Blackburn's Sphinx Moth. The Division of Forestry and Wildlife proposes to cut and chip on-site 20 acres of non-native trees annually, for a period of four years, as part of a holistic ecosystem restoration project to enhance and restore the Sanctuary's wetland habitat for the Hawaiian stilt, Hawaiian coot, Hawaiian duck and the Blackburn's Sphinx moth. The four-year plan is to incrementally cut, chip and subsequently replant with the appropriate native plant species that once dominated the 80 acre site of dense non-native tree cover inside of the Kanaha Pond Wildlife Sanctuary. This non-native tree cover currently degrades the Sanctuary's habitat value for the endangered waterbird species and ecosystem functions.

CONTRACT PROVISIONS:

The Invitation for Bids for this project was published on the State Procurement Office website on January 08, 2008 (IFB No. IFB-DOFAW-08-M3), (Attached) Bids were opened on January 28, 2008 and Land Prep LLC was identified as the lowest responsible and responsive bidder whose bid met the requirements and criteria set forth in the invitation, with a total estimated bid price of \$96,000 and a cost of \$ 4,800 per acre. Funding for this contract comes from a previously secured Federal grant. Upon approval by the Board, the Division will submit the draft contract (Attachment 1) for review and approval as to form by the Attorney General, and process the document for signature by the Chairperson.

RECOMMENDATION:

1. That the Board authorize the Chairperson to negotiate and execute a Contract for Goods and Services in the amount of \$96,000 with Land Prep LLC, subject to availability of federal funds and approval as to form by the Attorney General's Office.

Respectfully submitted,

PAUL J. CONRY, Administrator
Division of Forestry and Wildlife

not exceeding sixty (60) days after the order is delivered to the CONTRACTOR, unless the parties agree to any further period. Any such order shall be identified specifically as a stop performance order issued pursuant to this section. Stop performance orders shall include, as appropriate: (1) A clear description of the work to be suspended; (2) Instructions as to the issuance of further orders by the CONTRACTOR for material or services; (3) Guidance as to action to be taken on subcontracts; and (4) Other instructions and suggestions to the CONTRACTOR for minimizing costs. Upon receipt of such an order, the CONTRACTOR shall forthwith comply with its terms and suspend all performance under this Contract at the time stated, provided, however, the CONTRACTOR shall take all reasonable steps to minimize the occurrence of costs allocable to the performance covered by the order during the period of performance stoppage. Before the stop performance order expires, or within any further period to which the parties shall have agreed, the Agency procurement officer shall either:

- (1) Cancel the stop performance order; or
 - (2) Terminate the performance covered by such order as provided in the termination for default provision or the termination for convenience provision of this Contract.
- b. Cancellation or expiration of the order. If a stop performance order issued under this section is cancelled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the CONTRACTOR shall have the right to resume performance. An appropriate adjustment shall be made in the delivery schedule or contract price, or both, and the Contract shall be modified in writing accordingly, if:
- (1) The stop performance order results in an increase in the time required for, or in the CONTRACTOR'S cost properly allocable to, the performance of any part of this Contract; and
 - (2) The CONTRACTOR asserts a claim for such an adjustment within thirty (30) days after the end of the period of performance stoppage; provided that, if the Agency procurement officer decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this Contract.
- c. Termination of stopped performance. If a stop performance order is not cancelled and the performance covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop performance order shall be allowable by adjustment or otherwise.
- d. Adjustment of price. Any adjustment in contract price made pursuant to this paragraph shall be determined in accordance with the price adjustment provision of this Contract.

13. Termination for Default.

- a. Default. If the CONTRACTOR refuses or fails to perform any of the provisions of this Contract with such diligence as will ensure its completion within the time specified in this Contract, or any extension thereof, otherwise fails to timely satisfy the Contract provisions, or commits any other substantial breach of this Contract, the Agency procurement officer may notify the CONTRACTOR in writing of the delay or non-performance and if not cured in ten (10) days or any longer time specified in writing by the Agency procurement officer, such officer may terminate the CONTRACTOR'S right to proceed with the Contract or such part of the Contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency procurement officer may procure similar goods or services in a manner and upon the terms deemed appropriate by the Agency procurement officer. The CONTRACTOR shall continue performance of the Contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.
- b. CONTRACTOR'S duties. Notwithstanding termination of the Contract and subject to any directions from the Agency procurement officer, the CONTRACTOR shall take timely, reasonable, and necessary action to protect and preserve property in the possession of the CONTRACTOR in which the STATE has an interest.

- c. Compensation. Payment for completed goods and services delivered and accepted by the STATE shall be at the price set forth in the Contract. Payment for the protection and preservation of property shall be in an amount agreed upon by the CONTRACTOR and the Agency procurement officer. If the parties fail to agree, the Agency procurement officer shall set an amount subject to the CONTRACTOR'S rights under chapter 3-126, HAR. The STATE may withhold from amounts due the CONTRACTOR such sums as the Agency procurement officer deems to be necessary to protect the STATE against loss because of outstanding liens or claims and to reimburse the STATE for the excess costs expected to be incurred by the STATE in procuring similar goods and services.
- d. Excuse for nonperformance or delayed performance. The CONTRACTOR shall not be in default by reason of any failure in performance of this Contract in accordance with its terms, including any failure by the CONTRACTOR to make progress in the prosecution of the performance hereunder which endangers such performance, if the CONTRACTOR has notified the Agency procurement officer within fifteen (15) days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of a public enemy; acts of the State and any other governmental body in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, the CONTRACTOR shall not be deemed to be in default, unless the goods and services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the CONTRACTOR to meet the requirements of the Contract. Upon request of the CONTRACTOR, the Agency procurement officer shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the CONTRACTOR'S progress and performance would have met the terms of the Contract, the delivery schedule shall be revised accordingly, subject to the rights of the STATE under this Contract. As used in this paragraph, the term "subcontractor" means subcontractor at any tier.
- e. Erroneous termination for default. If, after notice of termination of the CONTRACTOR'S right to proceed under this paragraph, it is determined for any reason that the CONTRACTOR was not in default under this paragraph, or that the delay was excusable under the provisions of subparagraph 13d, "Excuse for nonperformance or delayed performance," the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to paragraph 14.
- f. Additional rights and remedies. The rights and remedies provided in this paragraph are in addition to any other rights and remedies provided by law or under this Contract.

14. Termination for Convenience.

- a. Termination. The Agency procurement officer may, when the interests of the STATE so require, terminate this Contract in whole or in part, for the convenience of the STATE. The Agency procurement officer shall give written notice of the termination to the CONTRACTOR specifying the part of the Contract terminated and when termination becomes effective.
- b. CONTRACTOR'S obligations. The CONTRACTOR shall incur no further obligations in connection with the terminated performance and on the date(s) set in the notice of termination the CONTRACTOR will stop performance to the extent specified. The CONTRACTOR shall also terminate outstanding orders and subcontracts as they relate to the terminated performance. The CONTRACTOR shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated performance subject to the STATE'S approval. The Agency procurement officer may direct the CONTRACTOR to assign the CONTRACTOR'S right, title, and interest under terminated orders or subcontracts to the STATE. The CONTRACTOR must still complete the performance not terminated by the notice of termination and may incur obligations as necessary to do so.
- c. Right to goods and work product. The Agency procurement officer may require the CONTRACTOR to transfer title and deliver to the STATE in the manner and to the extent directed by the Agency procurement officer:

- (1) Any completed goods or work product; and
- (2) The partially completed goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the CONTRACTOR has specifically produced or specially acquired for the performance of the terminated part of this Contract.

The CONTRACTOR shall, upon direction of the Agency procurement officer, protect and preserve property in the possession of the CONTRACTOR in which the STATE has an interest. If the Agency procurement officer does not exercise this right, the CONTRACTOR shall use best efforts to sell such goods and manufacturing materials. Use of this paragraph in no way implies that the STATE has breached the Contract by exercise of the termination for convenience provision.

d. Compensation.

- (1) The CONTRACTOR shall submit a termination claim specifying the amounts due because of the termination for convenience together with the cost or pricing data, submitted to the extent required by chapter 3-122, HAR, bearing on such claim. If the CONTRACTOR fails to file a termination claim within one year from the effective date of termination, the Agency procurement officer may pay the CONTRACTOR, if at all, an amount set in accordance with subparagraph 14d(3) below.
- (2) The Agency procurement officer and the CONTRACTOR may agree to a settlement provided the CONTRACTOR has filed a termination claim supported by cost or pricing data submitted as required and that the settlement does not exceed the total Contract price plus settlement costs reduced by payments previously made by the STATE, the proceeds of any sales of goods and manufacturing materials under subparagraph 14c, and the Contract price of the performance not terminated.
- (3) Absent complete agreement under subparagraph 14d(2) the Agency procurement officer shall pay the CONTRACTOR the following amounts, provided payments agreed to under subparagraph 14d(2) shall not duplicate payments under this subparagraph for the following:
 - (A) Contract prices for goods or services accepted under the Contract;
 - (B) Costs incurred in preparing to perform and performing the terminated portion of the performance plus a fair and reasonable profit on such portion of the performance, such profit shall not include anticipatory profit or consequential damages, less amounts paid or to be paid for accepted goods or services; provided, however, that if it appears that the CONTRACTOR would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;
 - (C) Costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to subparagraph 14b. These costs must not include costs paid in accordance with subparagraph 14d(3)(B);
 - (D) The reasonable settlement costs of the CONTRACTOR, including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the Contract and for the termination of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to the terminated portion of this Contract. The total sum to be paid the CONTRACTOR under this subparagraph shall not exceed the total Contract price plus the reasonable settlement costs of the CONTRACTOR reduced by the amount of payments otherwise made, the proceeds of any sales of

supplies and manufacturing materials under subparagraph 14d(2), and the contract price of performance not terminated.

- (4) Costs claimed, agreed to, or established under subparagraphs 14d(2) and 14d(3) shall be in accordance with Chapter 3-123 (Cost Principles) of the Procurement Rules.

15. Claims Based on the Agency Procurement Officer's Actions or Omissions.

- a. Changes in scope. If any action or omission on the part of the Agency procurement officer (which term includes the designee of such officer for purposes of this paragraph 15) requiring performance changes within the scope of the Contract constitutes the basis for a claim by the CONTRACTOR for additional compensation, damages, or an extension of time for completion, the CONTRACTOR shall continue with performance of the Contract in compliance with the directions or orders of such officials, but by so doing, the CONTRACTOR shall not be deemed to have prejudiced any claim for additional compensation, damages, or an extension of time for completion; provided:
- (1) Written notice required. The CONTRACTOR shall give written notice to the Agency procurement officer:
- (A) Prior to the commencement of the performance involved, if at that time the CONTRACTOR knows of the occurrence of such action or omission;
- (B) Within thirty (30) days after the CONTRACTOR knows of the occurrence of such action or omission, if the CONTRACTOR did not have such knowledge prior to the commencement of the performance; or
- (C) Within such further time as may be allowed by the Agency procurement officer in writing.
- (2) Notice content. This notice shall state that the CONTRACTOR regards the act or omission as a reason which may entitle the CONTRACTOR to additional compensation, damages, or an extension of time. The Agency procurement officer, upon receipt of such notice, may rescind such action, remedy such omission, or take such other steps as may be deemed advisable in the discretion of the Agency procurement officer;
- (3) Basis must be explained. The notice required by subparagraph 15a(1) describes as clearly as practicable at the time the reasons why the CONTRACTOR believes that additional compensation, damages, or an extension of time may be remedies to which the CONTRACTOR is entitled; and
- (4) Claim must be justified. The CONTRACTOR must maintain and, upon request, make available to the Agency procurement officer within a reasonable time, detailed records to the extent practicable, and other documentation and evidence satisfactory to the STATE, justifying the claimed additional costs or an extension of time in connection with such changes.
- b. CONTRACTOR not excused. Nothing herein contained, however, shall excuse the CONTRACTOR from compliance with any rules or laws precluding any state officers and CONTRACTOR from acting in collusion or bad faith in issuing or performing change orders which are clearly not within the scope of the Contract.
- c. Price adjustment. Any adjustment in the price made pursuant to this paragraph shall be determined in accordance with the price adjustment provision of this Contract.

16. Costs and Expenses. Any reimbursement due the CONTRACTOR for per diem and transportation expenses under this Contract shall be subject to chapter 3-123 (Cost Principles), HAR, and the following guidelines:

- a. Reimbursement for air transportation shall be for actual cost or coach class air fare, whichever is less.

- b. Reimbursement for ground transportation costs shall not exceed the actual cost of renting an intermediate-sized vehicle.
- c. Unless prior written approval of the HOPA is obtained, reimbursement for subsistence allowance (i.e., hotel and meals, etc.) shall not exceed the applicable daily authorized rates for inter-island or out-of-state travel that are set forth in the current Governor's Executive Order authorizing adjustments in salaries and benefits for state officers and employees in the executive branch who are excluded from collective bargaining coverage.

17. Payment Procedures; Final Payment; Tax Clearance.

- a. Original invoices required. All payments under this Contract shall be made only upon submission by the CONTRACTOR of original invoices specifying the amount due and certifying that services requested under the Contract have been performed by the CONTRACTOR according to the Contract.
- b. Subject to available funds. Such payments are subject to availability of funds and allotment by the Director of Finance in accordance with chapter 37, HRS. Further, all payments shall be made in accordance with and subject to chapter 40, HRS.
- c. Prompt payment.
 - (1) Any money, other than retainage, paid to the CONTRACTOR shall be disbursed to subcontractors within ten (10) days after receipt of the money in accordance with the terms of the subcontract; provided that the subcontractor has met all the terms and conditions of the subcontract and there are no bona fide disputes; and
 - (2) Upon final payment to the CONTRACTOR, full payment to the subcontractor, including retainage, shall be made within ten (10) days after receipt of the money; provided that there are no bona fide disputes over the subcontractor's performance under the subcontract.
- d. Final payment. Final payment under this Contract shall be subject to sections 103-53 and 103D-328, HRS, which require a tax clearance from the Director of Taxation, State of Hawaii, and the Internal Revenue Service, U.S. Department of Treasury, showing that all delinquent taxes, if any, levied or accrued under state law and the Internal Revenue Code of 1986, as amended, against the CONTRACTOR have been paid. Further, in accordance with section 3-122-112, HAR, CONTRACTOR shall provide a certificate affirming that the CONTRACTOR has remained in compliance with all applicable laws as required by this section.

18. Federal Funds. If this Contract is payable in whole or in part from federal funds, CONTRACTOR agrees that, as to the portion of the compensation under this Contract to be payable from federal funds, the CONTRACTOR shall be paid only from such funds received from the federal government, and shall not be paid from any other funds. Failure of the STATE to receive anticipated federal funds shall not be considered a breach by the STATE or an excuse for nonperformance by the CONTRACTOR.

19. Modifications of Contract.

- a. In writing. Any modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract permitted by this Contract shall be made by written amendment to this Contract, signed by the CONTRACTOR and the STATE, provided that change orders shall be made in accordance with paragraph 20 herein.
- b. No oral modification. No oral modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract shall be permitted.
- c. Agency procurement officer. By written order, at any time, and without notice to any surety, the Agency procurement officer may unilaterally order of the CONTRACTOR:

- (A) Changes in the work within the scope of the Contract; and
 - (B) Changes in the time of performance of the Contract that do not alter the scope of the Contract work.
- d. Adjustments of price or time for performance. If any modification increases or decreases the CONTRACTOR'S cost of, or the time required for, performance of any part of the work under this Contract, an adjustment shall be made and this Contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined, where applicable, in accordance with the price adjustment clause of this Contract or as negotiated.
- e. Claim barred after final payment. No claim by the CONTRACTOR for an adjustment hereunder shall be allowed if written modification of the Contract is not made prior to final payment under this Contract.
- f. Claims not barred. In the absence of a written contract modification, nothing in this clause shall be deemed to restrict the CONTRACTOR'S right to pursue a claim under this Contract or for a breach of contract.
- g. CPO approval. If this is a professional services contract awarded pursuant to section 103D-303 or 103D-304, HRS, any modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract which increases the amount payable to the CONTRACTOR by at least \$25,000.00 or ten per cent (10%) of the initial contract price, whichever increase is higher, must receive the prior approval of the CPO.
- h. Tax clearance. The STATE may, at its discretion, require the CONTRACTOR to submit to the STATE, prior to the STATE'S approval of any modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract, a tax clearance from the Director of Taxation, State of Hawaii, and the Internal Revenue Service, U.S. Department of Treasury, showing that all delinquent taxes, if any, levied or accrued under state law and the Internal Revenue Code of 1986, as amended, against the CONTRACTOR have been paid.
- i. Sole source contracts. Amendments to sole source contracts that would change the original scope of the Contract may only be made with the approval of the CPO. Annual renewal of a sole source contract for services should not be submitted as an amendment.
20. Change Order. The Agency procurement officer may, by a written order signed only by the STATE, at any time, and without notice to any surety, and subject to all appropriate adjustments, make changes within the general scope of this Contract in any one or more of the following:
- (1) Drawings, designs, or specifications, if the goods or services to be furnished are to be specially provided to the STATE in accordance therewith;
 - (2) Method of delivery; or
 - (3) Place of delivery.
- a. Adjustments of price or time for performance. If any change order increases or decreases the CONTRACTOR'S cost of, or the time required for, performance of any part of the work under this Contract, whether or not changed by the order, an adjustment shall be made and the Contract modified in writing accordingly. Any adjustment in the Contract price made pursuant to this provision shall be determined in accordance with the price adjustment provision of this Contract. Failure of the parties to agree to an adjustment shall not excuse the CONTRACTOR from proceeding with the Contract as changed, provided that the Agency procurement officer promptly and duly makes the provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the CONTRACTOR shall not be deemed to have prejudiced any claim for additional compensation, or any extension of time for completion.

- b. Time period for claim. Within ten (10) days after receipt of a written change order under subparagraph 20a, unless the period is extended by the Agency procurement officer in writing, the CONTRACTOR shall respond with a claim for an adjustment. The requirement for a timely written response by CONTRACTOR cannot be waived and shall be a condition precedent to the assertion of a claim.
- c. Claim barred after final payment. No claim by the CONTRACTOR for an adjustment hereunder shall be allowed if a written response is not given prior to final payment under this Contract.
- d. Other claims not barred. In the absence of a change order, nothing in this paragraph 20 shall be deemed to restrict the CONTRACTOR'S right to pursue a claim under the Contract or for breach of contract.

21. Price Adjustment.

- a. Price adjustment. Any adjustment in the contract price pursuant to a provision in this Contract shall be made in one or more of the following ways:
 - (1) By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
 - (2) By unit prices specified in the Contract or subsequently agreed upon;
 - (3) By the costs attributable to the event or situation covered by the provision, plus appropriate profit or fee, all as specified in the Contract or subsequently agreed upon;
 - (4) In such other manner as the parties may mutually agree; or
 - (5) In the absence of agreement between the parties, by a unilateral determination by the Agency procurement officer of the costs attributable to the event or situation covered by the provision, plus appropriate profit or fee, all as computed by the Agency procurement officer in accordance with generally accepted accounting principles and applicable sections of chapters 3-123 and 3-126, HAR.
- b. Submission of cost or pricing data. The CONTRACTOR shall provide cost or pricing data for any price adjustments subject to the provisions of chapter 3-122, HAR.

22. Variation in Quantity for Definite Quantity Contracts. Upon the agreement of the STATE and the CONTRACTOR, the quantity of goods or services, or both, if a definite quantity is specified in this Contract, may be increased by a maximum of ten per cent (10%); provided the unit prices will remain the same except for any price adjustments otherwise applicable; and the Agency procurement officer makes a written determination that such an increase will either be more economical than awarding another contract or that it would not be practical to award another contract.

23. Changes in Cost-Reimbursement Contract. If this Contract is a cost-reimbursement contract, the following provisions shall apply:

- a. The Agency procurement officer may at any time by written order, and without notice to the sureties, if any, make changes within the general scope of the Contract in any one or more of the following:
 - (1) Description of performance (Attachment 1);
 - (2) Time of performance (i.e., hours of the day, days of the week, etc.);
 - (3) Place of performance of services;

- (4) Drawings, designs, or specifications when the supplies to be furnished are to be specially manufactured for the STATE in accordance with the drawings, designs, or specifications;
 - (5) Method of shipment or packing of supplies; or
 - (6) Place of delivery.
- b. If any change causes an increase or decrease in the estimated cost of, or the time required for performance of, any part of the performance under this Contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this Contract, the Agency procurement officer shall make an equitable adjustment in the (1) estimated cost, delivery or completion schedule, or both; (2) amount of any fixed fee; and (3) other affected terms and shall modify the Contract accordingly.
 - c. The CONTRACTOR must assert the CONTRACTOR'S rights to an adjustment under this provision within thirty (30) days from the day of receipt of the written order. However, if the Agency procurement officer decides that the facts justify it, the Agency procurement officer may receive and act upon a proposal submitted before final payment under the Contract.
 - d. Failure to agree to any adjustment shall be a dispute under paragraph 11 of this Contract. However, nothing in this provision shall excuse the CONTRACTOR from proceeding with the Contract as changed.
 - e. Notwithstanding the terms and conditions of subparagraphs 23a and 23b, the estimated cost of this Contract and, if this Contract is incrementally funded, the funds allotted for the performance of this Contract, shall not be increased or considered to be increased except by specific written modification of the Contract indicating the new contract estimated cost and, if this contract is incrementally funded, the new amount allotted to the contract.

24. Confidentiality of Material.

- a. All material given to or made available to the CONTRACTOR by virtue of this Contract, which is identified as proprietary or confidential information, will be safeguarded by the CONTRACTOR and shall not be disclosed to any individual or organization without the prior written approval of the STATE.
- b. All information, data, or other material provided by the CONTRACTOR to the STATE shall be subject to the Uniform Information Practices Act, chapter 92F, HRS.

25. Publicity. The CONTRACTOR shall not refer to the STATE, or any office, agency, or officer thereof, or any state employee, including the HOPA, the CPO, the Agency procurement officer, or to the services or goods, or both, provided under this Contract, in any of the CONTRACTOR'S brochures, advertisements, or other publicity of the CONTRACTOR. All media contacts with the CONTRACTOR about the subject matter of this Contract shall be referred to the Agency procurement officer.

26. Ownership Rights and Copyright. The STATE shall have complete ownership of all material, both finished and unfinished, which is developed, prepared, assembled, or conceived by the CONTRACTOR pursuant to this Contract, and all such material shall be considered "works made for hire." All such material shall be delivered to the STATE upon expiration or termination of this Contract. The STATE, in its sole discretion, shall have the exclusive right to copyright any product, concept, or material developed, prepared, assembled, or conceived by the CONTRACTOR pursuant to this Contract.

27. Liens and Warranties. Goods provided under this Contract shall be provided free of all liens and provided together with all applicable warranties, or with the warranties described in the Contract documents, whichever are greater.

28. Audit of Books and Records of the CONTRACTOR. The STATE may, at reasonable times and places, audit the books and records of the CONTRACTOR, prospective contractor, subcontractor, or prospective subcontractor which are related to:

- a. The cost or pricing data, and
- b. A state contract, including subcontracts, other than a firm fixed-price contract.

29. Cost or Pricing Data. Cost or pricing data must be submitted to the Agency procurement officer and timely certified as accurate for contracts over \$100,000 unless the contract is for a multiple-term or as otherwise specified by the Agency procurement officer. Unless otherwise required by the Agency procurement officer, cost or pricing data submission is not required for contracts awarded pursuant to competitive sealed bid procedures.

If certified cost or pricing data are subsequently found to have been inaccurate, incomplete, or noncurrent as of the date stated in the certificate, the STATE is entitled to an adjustment of the contract price, including profit or fee, to exclude any significant sum by which the price, including profit or fee, was increased because of the defective data. It is presumed that overstated cost or pricing data increased the contract price in the amount of the defect plus related overhead and profit or fee. Therefore, unless there is a clear indication that the defective data was not used or relied upon, the price will be reduced in such amount.

30. Audit of Cost or Pricing Data. When cost or pricing principles are applicable, the STATE may require an audit of cost or pricing data.

31. Records Retention. The CONTRACTOR and any subcontractors shall maintain the books and records that relate to the Contract and any cost or pricing data for three (3) years from the date of final payment under the Contract.

32. Antitrust Claims. The STATE and the CONTRACTOR recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the purchaser. Therefore, the CONTRACTOR hereby assigns to STATE any and all claims for overcharges as to goods and materials purchased in connection with this Contract, except as to overcharges which result from violations commencing after the price is established under this Contract and which are not passed on to the STATE under an escalation clause.

33. Patented Articles. The CONTRACTOR shall defend, indemnify, and hold harmless the STATE, and its officers, employees, and agents from and against all liability, loss, damage, cost, and expense, including all attorneys fees, and all claims, suits, and demands arising out of or resulting from any claims, demands, or actions by the patent holder for infringement or other improper or unauthorized use of any patented article, patented process, or patented appliance in connection with this Contract. The CONTRACTOR shall be solely responsible for correcting or curing to the satisfaction of the STATE any such infringement or improper or unauthorized use, including, without limitation: (a) furnishing at no cost to the STATE a substitute article, process, or appliance acceptable to the STATE, (b) paying royalties or other required payments to the patent holder, (c) obtaining proper authorizations or releases from the patent holder, and (d) furnishing such security to or making such arrangements with the patent holder as may be necessary to correct or cure any such infringement or improper or unauthorized use.

34. Governing Law. The validity of this Contract and any of its terms or provisions, as well as the rights and duties of the parties to this Contract, shall be governed by the laws of the State of Hawaii. Any action at law or in equity to enforce or interpret the provisions of this Contract shall be brought in a state court of competent jurisdiction in Honolulu, Hawaii.

35. Compliance with Laws. The CONTRACTOR shall comply with all federal, state, and county laws, ordinances, codes, rules, and regulations, as the same may be amended from time to time, that in any way affect the CONTRACTOR'S performance of this Contract.

36. Conflict Between General Conditions and Procurement Rules. In the event of a conflict between the General Conditions and the procurement rules, the procurement rules in effect on the date this Contract became effective shall control and are hereby incorporated by reference.

37. Entire Contract. This Contract sets forth all of the agreements, conditions, understandings, promises, warranties, and representations between the STATE and the CONTRACTOR relative to this Contract. This Contract supersedes all prior agreements, conditions, understandings, promises, warranties, and representations, which shall have no further force or effect. There are no agreements, conditions, understandings, promises, warranties, or representations, oral or written, express or implied, between the STATE and the CONTRACTOR other than as set forth or as referred to herein.
38. Severability. In the event that any provision of this Contract is declared invalid or unenforceable by a court, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining terms of this Contract.
39. Waiver. The failure of the STATE to insist upon the strict compliance with any term, provision, or condition of this Contract shall not constitute or be deemed to constitute a waiver or relinquishment of the STATE'S right to enforce the same in accordance with this Contract. The fact that the STATE specifically refers to one provision of the procurement rules or one section of the Hawaii Revised Statutes, and does not include other provisions or statutory sections in this Contract shall not constitute a waiver or relinquishment of the STATE'S rights or the CONTRACTOR'S obligations under the procurement rules or statutes.
40. Pollution Control. If during the performance of this Contract, the CONTRACTOR encounters a "release" or a "threatened release" of a reportable quantity of a "hazardous substance," "pollutant," or "contaminant" as those terms are defined in section 128D-1, HRS, the CONTRACTOR shall immediately notify the STATE and all other appropriate state, county, or federal agencies as required by law. The Contractor shall take all necessary actions, including stopping work, to avoid causing, contributing to, or making worse a release of a hazardous substance, pollutant, or contaminant, and shall promptly obey any orders the Environmental Protection Agency or the state Department of Health issues in response to the release. In the event there is an ensuing cease-work period, and the STATE determines that this Contract requires an adjustment of the time for performance, the Contract shall be modified in writing accordingly.
41. Campaign Contributions. The CONTRACTOR is hereby notified of the applicability of 11-205.5, HRS, which states that campaign contributions are prohibited from specified state or county government contractors during the terms of their contracts if the contractors are paid with funds appropriated by a legislative body.

**SPECIFICATIONS
CUT AND CHIP 20 ACRES OF NON-NATIVE TREES ON-SITE IN KANAHA POND WILDLIFE
SANCTUARY, MAUI**

I. Summary of Work

Kanaha Pond Wildlife Sanctuary, located on windward Maui, contains important habitat for rare and endangered native species of Hawaiian Waterbirds, and critical habitat for the Blackburn's Sphinx Moth. The Division of Forestry and Wildlife proposes to cut and chip on-site 20 acres of non-native trees as part of a larger ecosystem restoration project to enhance the Sanctuary's wetland habitat for the Hawaiian stilt, Hawaiian coot, Hawaiian duck and the Blackburn's Sphinx moth. The four-year plan is to cut, chip and subsequently replant, with appropriate native plants, the 80 acres of non-native tree cover inside of the Kanaha Pond Wildlife Sanctuary that currently degrades the Sanctuary's habitat value for these endangered species.

Bids are solicited for the Cutting and on-site Chipping of 20 acres of non-native trees at Kanaha pond Wildlife Sanctuary on the island of Maui (see attached map). A Contractor is sought to provide labor and equipment for Cutting and Chipping of non-native trees as specified. The area to be cut and chipped will be delineated by the State of Hawaii Department of Land and Natural Resources (DLNR). Much of the area can be accessed from the Sanctuary's internal and existing roads, but certain work will be on soft and unstable sandy and partially saturated wet soils. The contractor will be responsible for transport of all necessary cutting and chipping equipment and transfer of any additional equipment or materials needed to cut and chip the trees as specified.

II. Description of the Terrain and Vegetation

The project area is within the Kanaha Pond Wildlife Sanctuary, on the north coast of Maui situated between the Kahului industrial areas on the west and south, the Kahului Airport on the east, and the Kahului Sewage Treatment plant and the Pacific Ocean to the north. The area is hot, dry and windy, with annual rainfall less than 16 inches per year. Expected daily temperatures are between 70 and 90 degrees. The terrain consists of 237 acres of marshes, wetlands, and low-lying land with small sandy knolls and dunes at elevations that range from 3 to 8 feet above mean sea level. There are twenty five ponds that are permanent or ephemeral and situated on a Jaucas Sand (JcC) type substrate. The water table is near the soil surface near the ocean, and the more inland areas support grasslands and wetland wildlife habitat with stands of non-native invasive mesquite, ironwood, Christmas-berry, and date palms in the highest driest areas.

III. Access to Installation Site

Access to the cutting and chipping site is through the Amala Road Beach Access gate and will require coordination with the Sanctuary Manager (Dr. Fern P. Duvall) or other DOFAW staff (808-873-3983). Access to the work site will be during daylight hours only, Monday – Friday 0700a.m. - 0300 pm. Site may not undergo work activities during April 1st thru August 31st of each year due to breeding seasons, unless other arrangements are approved by the Sanctuary Manager.

This work must be completed between September 01, 2007 and September 01, 2010. The non-native tree species targeted for removal by cutting and on-site chipping are in a more or less contiguous stand on the 20 acre site and consist primarily of: *Prosopis pallida* [Algaroba, mesquite or "kiawe"] and *Casuarina equisetifolia* [Ironwood or she-oak], with a lesser amount of *Schinus terebinthifolius* [Christmasberry or Brazilian Pepper] and *Phoenix dactylifera* [Date palm].

Gates: All gates used to access the work site must not be left open or unlocked at any time.

Prohibited Items: No fires, smoking, pets, or placement of food and drink remains, or other rubbish is permitted inside the Sanctuary.

IV. Equipment, Supplies, Transportation, and Labor-Contractor's Responsibilities

The Contractor shall be responsible for providing all equipment, supplies, tools, transportation and labor. All work will be performed under a single contract.

The Contractor may not use the DOFAW baseyard as an office or staging area; for storage of tools, supplies, equipment, or other materials; or for overnight vehicle parking.

V. Site Preparation

DOFAW staff will provide a map showing the alignment of the 20 acres of non-native trees to be cut and chipped, roads, location of gates, etc. The fence boundary line demarking the 20 acres of non-native trees to be cut and chipped will also be marked in the field with blue flagging tape. Hawaiian native plant species and/or archeological sites in or near the project area will be marked with pink flagging and are not to be disturbed.

The Contractor must notify DOFAW before any cutting and chipping work occurs due to environmental constraints, including critical habitat for the Blackburn's Sphinx Moth and the potential for conflict with on-going management activities on-site. It is recognized that the Contractor may choose to shift the flagged alignment slightly to take advantage of topography or turn corners at a better angle. However, in no case will the final site cut and chipped deviate more than 10 feet from the flagged line without consultation with the Sanctuary Manager or other DOFAW staff.

VI. Cutting and Chipping

1. General

The trees cut and chipped will be all of the non-native tree species in the more or less contiguous stand on the 20 acre site that consist of primarily *Prosopis pallida* [Algaroba, mesquite or "kiawe"] and *Casuarina equisetifolia* [Ironwood or she-oak], with a lesser amount being both *Schinus terebinthifolius* [Christmasberry or Brazilian Pepper] and *Phoenix dactylifera* [Date palm].

2. Cutting

All trees shall be cut as close to ground level as possible and the entire tree and branches shall be completely chipped. Tree trunks too large for chipping or grinding are to be removed from the site.

3. Chipping

All cut materials shall be chipped. The Contractor may use any tree-grinding/tree-chipping equipment for the chipping of the trees and branches. Chips shall be more or less evenly dispersed on-site within the flagged boundaries, and not left in large piles. Absolutely no materials may be left in or placed into any water surface of ponds or shoreline wetland areas.

VII. Pre-bid On-Site Inspection

Although not mandatory, bidders are strongly advised to inspect the project area prior to submitting a bid. Maps can be obtained from the Department of Land and Natural Resource office in Kahului or Wailuku, Maui and a guided site visit may be arranged by contacting Dr. Fern P. Duvall II, Sanctuary Manager, at (808) 873-3502 or 873-3983. Alternately, similar habitat, to that of the project site, inside the Sanctuary, can be viewed from Amala Place, or along Keolani Place heading east towards the airport. Failure to visit the general work area will in no way relieve the successful bidder from completion of the work in accordance with the specifications, terms and conditions herein to the satisfaction of the Contracting Officer's Representative.

VIII. Contractor Activities

1. Camps

Construction of camps will not be permitted.

2. Native and Alien Plants and Animals

Plants and/or animals may not be removed from the site. The Contractor will implement precautions to prevent the introduction of alien plants and insects. Boots, equipment and materials will be inspected by the Contractor for seeds, eggs, larvae, etc., prior to delivery and entry to the project site, and cleaned as necessary. The Contractor will remove all food and other refuse daily, and tools, gear, and other equipment upon completion of work.

IX. Pre-start-up Conference

Contractor shall meet with staff from DOFAW soon after the award, if any. Topics to be included at the meeting will be:

the local level. These individuals will handle all on-the-ground coordination between the contractor and DOFAW.

XI. Timing

All work should be completed by September 1, 2010

XII. Measurement and Payment

1. Measurement

The measurement of the area cut and chipped will be made inside of the flagging area marked off for the project site.

2. Payment

Payment in full will be made upon satisfactory completion of the cutting and chipping in accordance with the specifications listed herein. DOFAW must complete a final inspection of the area to be cut and chipped to certify that the project is completed according to the specifications listed herein before final payment is approved. The Contractor may request a partial completion payment schedule. A partial payment plan could be negotiated between the Contract Supervisor and the Contractor if necessary. The minimum partial payment plan that will be considered is payment per 5 acres of cutting and chipping completed. Each section will need to be certified that it meets specifications before partial payment can be made. Payment will be made at the contract unit price per acre in accordance with the specifications herein.

XIII. Bids

Bids should include costs per acre of trees cut and chipped including labor costs for, crew, equipment, and materials transport, and any additional materials the Contractor believes are necessary to cut and chip the non-native trees in accordance with the specifications listed herein.

Bids should be submitted for materials and labor costs per acre as indicated on the Offer Form. Bids should include an estimated minimum time that the contractor would require between the bid being awarded and commencement of work.

Notwithstanding said policy or policies of insurance, the Contractor shall be obliged for the full and total amount of any damage, injury, or loss caused by negligence or neglect connected with this contract.

PERMITS, LICENSED, AND TAXES

The Contractor shall procure all permits and licenses, during the original or extended contract term, pay all charges, fees, and taxes, and give all notices necessary and incidental to the due and lawful prosecution of the work.

PRICE ADJUSTMENT DUE TO WAGE INCREASE TO STATE EMPLOYEES

[The following example is based on hourly rates for security guard services. PS will have to customize

this adjustment provision to the type of services being procured.]

1. Contract price adjustment shall be considered:

- a. Only upon request by the Contractor accompanied by proof satisfactory to the State that its employees have been paid comparable wages to State employees; and
- b. Only if there is a wage increase to public employees performing comparable work; and
- c. Only for the contract period in which the price adjustment request is submitted (current contract period only).

Example:

Original contract period: March 7, 2003 to March 6, 2004

Extension period: March 7, 2004 to March 6, 2005

The option to extend the original contract is exercised for the period March 7, 2004 to March 6, 2005. On March 1, 2005, the State announces a pay raise retroactive to July 1, 2003 and the Contractor soon thereafter submits a request of modification is issued accompanied by acceptable documentation. A contract modification is issued to reflect a price adjustment for the current period of the contract, March 7, 2004 to March 6, 2005. Note that the price adjustment is not applied retroactively to July 1, 2003 since the condition of this contract allows price adjustment to the current contract period only.

2. Price adjustment based on the actual dollar increase per hour per State employee shall be calculated as follows:

- a. Bid Price/Hr/Officer (A) = (A) for example = \$15.00/hr
- b. Current Hourly Wage Rate (B) = (B) for example = \$11.00/hr
- c. New Hourly Wage Rate paid to State Employees (C) = (C) for example = \$11.50/hr
- d. Hourly Wage Increase to State employees (D) = (D) for example = \$.50/hr
- e. Adjusted Bid Price/Hr/Officer (E) = (A) + (D), or
\$15.00 + \$.50 = \$15.50/hr

3. In addition to the actual dollar amount of wage increase, Contractor may apply for the percentage (%) fringe benefits required by Statute. However, the resulting fringe benefit percentage shall only be applicable to the actual dollar amount of increase and the State shall only consider those benefits that are required by contract and are directly affected by the wage increase.

If request includes adjustment for wage related fringe benefits, Contractor must provide support documentation and an itemized percentage breakdown of the fringe benefits being paid.

The State has determined that the applicable fringe benefits for wage related price adjustments shall be limited to: 1) Federal Old Age Benefits, 2) Worker Compensation, 3) Temporary Disability Insurance, and 4) Unemployment Insurance. Based on past experience, it has been determined that the percentage increase be set at 16%. If Contractor is able to document that its percent for fringe is higher than 16%, the State will review and consider Contractor's claim.

The following method of calculation shall be applied for the fringe benefits:

a. 16% for Allowable Fringe Benefits

b. \$ Adjusted for Allowable Fringe Benefits (F) = (D) x (.16) = F, or
 $\$.50 \times .16 = \$.08$

c. Adjusted Bid Price/Hr/Officer + Fringe Benefits = (E) + (F), or
 $\$15.50 + \$.08 =$
 $\$15.58$

4. After the contract modification for the increase is issued by the State, but before payment of an increase is made on the portion of the current contract period already performed, the Contractor shall show proof that its employees were given the retroactive wage increase.

24.0 SUBCONTRACTORS

The Contractor shall not delegate any duties listed in this IFB to any subcontractor unless the Contract Administrator has given written approval. The State reserves the right to approve all subcontractors and shall require the primary contractor to replace any subcontractors found to be unacceptable. The primary contractor will be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract, and shall be responsible for all services whether or not the primary contractor performs them.

25.0 RE-EXECUTION OF WORK

The Contractor shall re-execute any work that fails to conform to the requirements of the contract and shall immediately remedy any defects due to faulty workmanship by the Contractor. Should the Contractor fail to comply, the State reserves the right to engage the services of another company to perform the services and to deduct such costs from monies due to the Contractor.

26.0 REMOVAL OF CONTRACTOR'S EMPLOYEES

Contractor agrees to remove any of its employees from services rendered and to be rendered to the State, upon request in writing by the Procurement Officer.

27.0 LIQUIDATED DAMAGES

Refer to Section 9 of the AG General Conditions, Form AG-008, as revised.
